

# BSK10 LIPOPRO

## REDUCING LIPOLYTIC SOLUTION

## WHAT IS IT?

LIPOPRO fights localized adiposity by helping to reduce the number of fat cells in the target area, stimulating the degradation, mobilization and elimination of lipids. It restores firmness to the skin, improving its tone and texture.

Powerful antioxidants combat the toxic impact of lipids and adipose tissue edema. Combines proven lipolytic and skin-firming ingredients that include:

- The **Organic Silanol** stimulates fibroblasts and promotes collagen and elastin biosynthesis. Caffeine stimulates and intervenes in the lipolytic process, provoking lipase and promoting the mobilization and metabolism of free fatty acids.
- The **Caffeine** increases intracellular cyclic AMP, affecting lipid metabolism in adipose tissue.
- In addition, **L-carnitine** transports fatty acids into the mitochondria and is broken down to produce energy. Organic silanol stimulates the production of collagen and elastin.
- The **Natural Extracts** (Green Tea Extract, Horsetail Extract, Horse Chestnut Extract, Herbal Extract, Artichoke Fluid Extract, Sweet Clover Extract) stimulate lipolysis, improve lymphatic drainage, protect capillaries and blood vessels, and accelerate collagen production with skin firming action.

## PRESENTATION

5 Vials x 10 ml / 0.35 Fl. Oz.

## USE

Specific body treatment with skin toning.

## INGREDIENTES

- Organic Silanol
- L-Carnitine
- Natural Extracts (Green Tea Extract, Horsetail Extract, Horse Chestnut Extract, Herbal Extract, Artichoke Fluid Extract, Sweet Clover Extract)
- Caffeine

## BENEFICIOS

It stimulates lipolysis, improving lymphatic drainage, protecting capillaries and blood vessels and accelerating collagen production with a skin firming action.
