

BSK72 FIRMING CREAM

FIRMING CREAM WITH EPIDERMIC GROWTH FACTOR STIMULATORS (EGF)

¿QUÉ ES?

Dermcom & Gatuline Firming Cream offers a complete treatment by fusing **Dermcom 2% and Gatuline® Intense 2%**.

DermCom stimulates collagen and elastin, renews skin strength and firmness, reverses the aging process, rejuvenates skin texture and stimulates the skin's natural growth factors.

Gatuline rapidly reorganizes collagen fibers and visibly smoothes the skin, attenuates wrinkles and loss of firmness, prevents the appearance of lines, furrows and folds in the skin and tightens the skin.
