

# BSK78 CREMA FOTOPROTECTORA SPF50+ HIGH PROTECTION

## ACTION

Sunscreen fluid with UVB/UVA protective action. Formulated with a combination of physical filters of natural origin, to guarantee maximum daily protection against the negative effects of the sun, providing comprehensive care for blemished and/or photo-aged skin. With a pleasant texture, fast absorption and transparent finish with a touch of color that adapts to your skin tone. Suitable for all skin types, very light and/or sensitive skin.

## HOW TO USE

Before sun exposure, apply generously on dry skin (face, neck and décolleté) ensuring its correct distribution and absorption. It can be used daily all year round after the usual treatment. Repeat the application of the product frequently, especially after perspiring, bathing or drying. Avoid contact with eyes and mucous membranes. Avoid long exposure to the sun in the middle of the day. Keep babies and young children out of direct sunlight.
